## PRESS RELEASE

On December 12 at 9.20 an incident occurred at OLTCHIM SA - Propylene oxide Plant, during the inspection of a finished product storage vessel.

At the time of the incident, the vessel was not involved in the manufacturing flow, being subject to a program of planned technical inspection.

Unfortunately, as a result of the incident, with all the efforts made by the rescue teams, a company employee died. Another employee of society has been injured, and is currently out of danger.

At the company level, an internal committee for the incident analysis was set up. Also, the competent bodies of the state carry out their own investigations.
